+

### SLEEP IN THE POSITION YOU LOVE :

Made using Sensoft technology, our springs ensure maximum freedom of movement when you are sleeping, regardless of your body shape.

- **Sleep in the position you want:** Uniformly distributed, the springs provide the same support and comfort from one end of the bed to the other. You sleep in the position you want.
- **Uninterrupted sleep** is ensured by a freedom of movement
- **A sound and restorative night's sleep** thanks to the soft comfort foam
- **Comfort without pressure** thanks to the Elivéa high resilience foam®.
- **Deep recovery at an ideal temperature** thanks to the combination of natural, quality materials (alpaca and linen).
- **Lasting comfort** ensured by padding that maintains the durability of the contents within the mattress.

### PRODUCT HIGHLIGHTS

Confort identique d'un bord à l'autre du matelas grâce au couchage 100% ressorts ensachés.

- **Limite les micro-réveils**
- **Un sommeil réparateur et enveloppant**
- **Un confort sans pression**
- **Un confort durable**

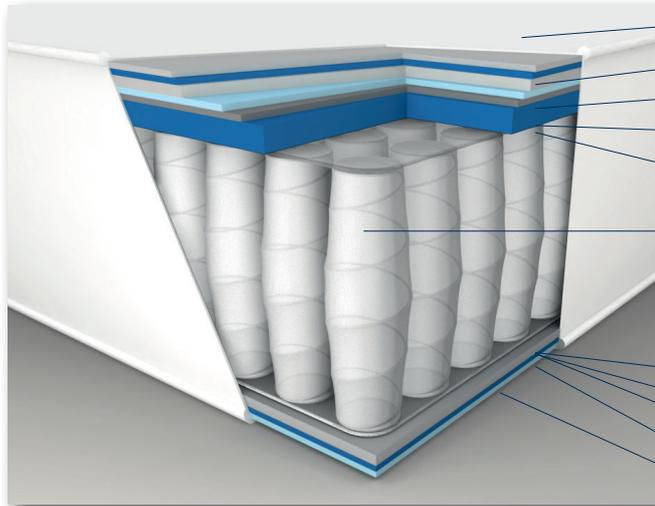

+

### RECOMMENDED BED FRAME :

We recommend that you change your bed frame at the same time as your mattress.

It is recommended that you pair the PASSION mattress with a pocket-coil slatted bed frame of a height of 15 cm for amplified comfort.
