

ENERGY SOFT MATTRESS

Height : 26 cm

Confort : Soft

Support : Medium Firm

+

FACILITATES DEEP SLEEP FOR BETTER RECOVERY :

Thanks to their special design, mattresses made using the No Flip Evolution Technology offer you unparalleled stability. Your joints are better supported, ensuring that they are rested and soothed. Even if you move 40 times in the night, the mattress supports and conforms to your body with even the slightest movement, providing you with total comfort until you wake.

- **Sleep in the position you want** : Uniformly distributed, the springs provide the same support and comfort from one end of the bed to the other. You sleep in the position you want.
- **Uninterrupted sleep** is ensured by a freedom of movement.
- **The same comfort all year long** thanks to the No Flip system®. You no longer need to flip your mattress at the change of the season.
- **Deep recovery at ideal temperature** thanks to soft comfort foam and Quallofil® cotton by Dacron® and Aquasens.

PRODUCT HIGHLIGHTS

Consistent comfort from one end of the mattress to the other thanks to 100% pocketed coils.

• **Santé Kiné Label:** The entire BEAUTYREST SENSORY collection was designed with the French Federation of Masseurs Physiotherapists Rehabilitators (FFMKR).

• **Gentle comfort**

+

RECOMMENDED BED FRAME :

We recommend that you change your bed frame at the same time as your mattress.

It is recommended that you pair the ENERGY SOFT mattress with a pocket-coil slatted bed frame of a height of 15 cm for amplified comfort.
